

MUSIC expresses the hopes — the prayers — the spirit of us all everywhere.

We turn to it instinctively—as a child to its MOTHER for comfort and solace—to vanquish the cares and vexations that pervade these times of storm and stress.

In today's world struggle for DEMOCRACY—MUSIC has acquired a grandeur and significance—a new—and deeper meaning than ever before.

It presages that peace and tranquility will pervade the world when RIGHT rules above MIGHT.
